

# EMERGENCY CALL POINT OPERATING INSTRUCTIONS

## IN CASE OF EMERGENCY

- Press the 'CALL' button to initiate a call.
- The STATUS light will illuminate, and a ringtone will sound.
- When the call is answered the SYSTEM OK light will stay ON to show the call is in progress.
- Wait for the operator to finish speaking before replying.
- Speak clearly in the direction of the unit.
- Do not press or hold the 'CALL' button during a call.
- When the conversation finishes the STATUS light will remain ON and the SYSTEM OK light will flash.
- The operator is kept aware that you have made a call from this location and can contact you again.
- If you want to speak to the operator again press the 'CALL' button.
