

European Newspapers in Frenchay Campus Library

In addition to a range of British titles, the Library subscribes to a number of foreign-language European newspapers. Current issues are displayed in the newspaper area on **Level 2** before being circulated to the University's Language Centre. When returned to the library, they are kept as listed below.

Current editions and archives of titles marked **N** are also available via **Nexis UK**, which can be accessed from UWE eLibrary at <https://elibrary.uwe.ac.uk/> - you will need your network username and password.
