## Placement dates 2022/23

## **Specialist placement weeks**

Specialist placements weeks have been introduced to the programme giving students the opportunity to arrange placements in areas linked to women's health that can enhance their learning further. The idea is that students will seek opportunity outside of their normal placement journey. In some cases, students chose to be placed in an area on their normal journey. The Specialist placement weeks wont be allocated on ARC, it is an expectation that the student will arrange the placement ensuring capacity allows with the Band 7 in charge of the area. The numbers of hours required in the placement area for the Specialist placement are as follows: year 1 – 15hrs, years 2 and 3 22.5 hrs. If, however the placement area has enough capacity and are willing to take students for longer then students can work up to 37.5 hrs on their Specialist placement week.

## **Integrated placement weeks**

From Sept 2022, Integrated placement weeks will no longer be part of the placement journey for any student on the BSc Midwifery Programme. It was recognised that these weeks were challenging to manage for both placement areas and students.
