

Physiotherapy Practice educator Training Sessions

Academic year 2024-25

Physiotherapy Placements Team

Overview

- All sessions will be delivered online.
- You will be sent some information and preparatory activities to complete ahead of the session. It is important for you to have done this to enable all participants to get most out of the session.
- Recommended attendance:
 - Attend at least one session per year, if possible, although you may attend more.
 - Attend the Introduction session first before taking the lead with a learner, and the others once you have some experience as an educator.
 - No specified order in which the other update sessions should be done, it is up to the individual to identify their learning need at the relevant time in their development as an educator.

Please note that if there are insufficient numbers booked on any session it may be cancelled approx. 2 weeks before. We will do our best to avoid this where possible. Thank you for your understanding.
