UWE Estates Design Guide 2023

			EITHER	<u>OR</u>
	Ref	ltem	Confirmation of Compliance to Design Guide Section	Detail Derogation reference and outcome. Where the derogation is in relation to fire safety, or health & safety, there must be accompanying written risk mitigation statements to explain why and how the risk is mitigated, who agreed these and the actions required by UWE once the buildings/areas are occupied and managed.
	01			
	Chapter	1: Introduction		
	1 1	Change Control		
	1.1	Introduction to LIWE		
	1.3	Introduction to the Design Guide		
	1.3.1	Structure of the Design Guide		
	1.4	Design Guide Compliance Checklist and Derogations		
	1.5	General Design Principles		
	Chapter	2: Design Governance		
	2.1	Change Control		
	2.2	Consulting to create a usable design		
	2.3	Aesthetic and visual impact		
	2.4	Designing an experience		
ł	2.4.1	Laboratory (Workshop Dosign		
ł	2.4.2	Student Accommodation		
	2.4.3	Project Governance		
ł	2.5.1	Project Management		
ł	2.5.2	Standards governing design work		
ľ	2.5.3	Construction (Design & Management) Regulations 2015 (CI	DM)	
ľ	2.5.4	Management of occupied buildings including sequential ha	ndover	
	2.5.5	Departures from Standards and Specifications		
	2.5.6	Technical Assurance		
	2.5.7	Named, Specialist Contractors		
	2.6	Designing for Facilities Management & Maintenance		
	2.6.1	Design features to improve access for plant/technical areas	5	
	2.6.2	Lessons Learned		
	2.6.3	Facilities for cleaning		
ł	2.0.4	Facilities for Waste disposal		
ł	2.8	Designing for Net-Zero and Circular Economy		
ł	2.9	Designing for Climate Resilience		
	2.1	Overview of Asset Management at UWE		
ľ	2.11	Cost-in-use		
	2.11.1	Cost-in-use evaluations on major capital projects		
	2.11.2	Evaluations on minor capital projects (under £2.5m exc. VA	T)	
	2.11.3	Standards		
ļ	2.12	Soft Landings		
ł	2.12.1	Information required at handover		
	2.13	Post Occupancy Evaluation (POE)	oto Environment	
ŀ	2.14	Temporary Works Design		
ł	2.15.1	Temporary Road/Footpath/Car Parks (and managing Closur	res/Diversions)	
ŀ	2.15.2	Disturbance of soft-landscaping		
ľ				
	Chapter	3: UWE Strategies		
	3.1	Change Control		
	3.2	Strategy 2030		
ļ	3.3	Master Plan and 'Adjacencies'		
	3.4	Accessible and inclusive design		
	3.4.1	General advice for designers		
ŀ	२.५.८ २.५	Security Systems Strategy		
ł	3.5.1	A balanced approach		
ł	3.5.2	Impact of Security on Fire evacuation		
ŀ	3.6	Designing a Sustainable University		
ļ	3.6.1	Sustainable Design Stages		
ļ	3.6.2	Sustainability - Actions to be taken by the design team		
ļ	3.6.3	Other considerations informing product selection		
ļ	3.6.4	Funding Opportunities for Sustainability Measures		
ļ	3.7	Fire Strategy		
ļ	3.7.1	Fire Safety Standards		
-1	3.7.2	Information requirements	1	1

3.7.3	Fire Safety Engineer	
3.7.4	Consultation with UWE Health and Safety Team	
375	Design responsibilities for fire safety during construction	
3.7.5	Third Darty Accreditation	
3.7.0		
3.7.7	Fire Stopping	
3.8	Strategy for Welfare Facilities	
3.8.1	General design considerations	
3.8.2	Creating inclusive and accessible facilities	
3.9	Design for Wellbeing	
2.0.1	Multi function wellboing spaces	
3.9.1	infunction, weinbeing spaces	
3.10	Religion and Belief	
3.11	Printer Allocation Policy	
3.11.1	Printer Location Assessment	
3.12	UWE Sport Vision	
3 13	LIWE Transport Strategy	
3.13		
3.14	Signage and wayfinding Strategy	
3.14.1	Physical Signage	
3.14.2	Electronic signage	
3.14.3	Wayfinding Apps and mapping tools	
3.14.4	An inclusive and accessible Wayfinding Strategy	
3 15		
3.13		
Chapter	4: Space Standards	
4.1	Change Control	
4.2	Functional Requirements in all Buildings	
43	Snace Types	
4.5	Tachnalogy Bogyiromanta	
4.4		
4.5	Space Standards	
4.5.1	Space Allocation	
4.5.2	Notes on calculating space requirements	
4.6	Room numbering	
-1.0		
Obserter	F. Falazia and Otavatural	
Chapter	5: Fabric and Structural	
5.1	Change Control	
5.2	Introduction	
5.3	Furniture and furnishings	
5.0	Accessibility of Student Accommodation	
5.4		
5.5	Emergency Refuge Spaces	
5.6	Structural details	
5.6.1	Imposed Loads and Performance	
5.6.2	Foundations	
563	Structural Form	
5.0.5 E.C.4	Timber Frame	
5.0.4		
5.7	Circulation Principles	
5.7.1	Building Entrances	
5.7.2	Reception	
5.7.3	Steps and stairs	
574	Horizontal circulation	
5.7.4	Vertical signalation	
5.7.5		
5.8	Sustainable Material Selection	
5.9	Building fabric and envelope	
5.9.1	External Envelope	
5.9.2	Roofs & Roof Access	
5.0.3	Roof lights	
5.5.5		
5.9.4		
5.9.5	Windows	
5.9.6	External Doors	
	External Doors External Finishes	
5.9.7	Windows External Doors External Finishes Rainwater Goods	
5.9.7 5.10	Windows External Doors External Finishes Rainwater Goods Internal Finishes	
5.9.7 5.10	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision	
5.9.7 5.10 5.10.1	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision	
5.9.7 5.10 5.10.1 5.10.2	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping	
5.9.7 5.10 5.10.1 5.10.2 5.10.3	Vindows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors Plasterboard	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5 5.10.6	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Walls Internal Doors Plasterboard Tiles	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5 5.10.6 5.10.6	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors Plasterboard Tiles	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5 5.10.6 5.10.7	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors Plasterboard Tiles Suspended Ceilings	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5 5.10.6 5.10.7 5.10.8	Windows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors Plasterboard Tiles Suspended Ceilings Flooring	
5.9.7 5.10 5.10.1 5.10.2 5.10.3 5.10.4 5.10.5 5.10.6 5.10.7 5.10.8 5.10.9	Vindows External Doors External Finishes Rainwater Goods Internal Finishes General Provision Fire Stopping Internal Walls Internal Doors Plasterboard Tiles Suspended Ceilings Flooring Painting

5.12.1	Production Kitchens	
5.12.2	Deli/Café/Bar Style Operation	
5.12.3	General Layout and Room Specifications	
5.12.4	Kitchen Design	
5 12 5	Service Style	
5.12.5	Einishos	
5.12.0	Coting Area	
5.12.7		
5.12.8	Vending Operation	
5.12.9	Tea Points	
Chapter	6: Mechanical Services	
6.1	Change Control	
6.2	General Mechanical Design Principles	
63	Mechanical Design	
6.2.1	Initial Survey and review of existing asset information	
0.3.1	Design Co. ardination	
6.3.2		
6.3.3	Initial Load Assessment	
6.3.4	Plant, System Selection and Location	
6.3.5	Statutory Guidance and Practice Recommendations	
6.3.6	Schedule of Statutory Notifiable Plant:	
6.4	Commissioning: Mechanical	
6.5	Pumped Water and Air Circuits	
6.6	Acoustics	
6.7	Metering	
6.8	Disnosal Systems	
6.0	Laboraton/Industrial Waste Drainage	
0.9	Laboratory/industrial Waste Didilidge	
6.10	rumping of Dramage	
6.11	Pipea Supply Systems	
6.12	Heating Pipework	
6.13	Hot & Cold Water Services	
6.13.1	General	
6.13.2	Hot Water Service	
6.13.3	Sustainable designs	
6.14	Natural Gas	
6.15	Medical/laboratory gas/Compressed Air	
6.15	Ventilation / Air Conditioning Systems	
0.10	Machanical Vantilation	
6.16.1		
6167	FILD STRATOGY	
0.10.2		
6.17	Mechanical Heating/Cooling/ Refrigeration Systems	
6.17 6.17.1	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements	
6.17 6.17 6.17.1 6.17.2	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating	
6.10.2 6.17 6.17.1 6.17.2 6.17.3	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling	
6.17 6.17.1 6.17.2 6.17.3 6.18	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework	
6.17 6.17.1 6.17.2 6.17.3 6.18 6.19	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers	
6.17 6.17 6.17.1 6.17.2 6.17.3 6.18 6.19	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers	
6.17 6.17 6.17.1 6.17.2 6.17.3 6.18 6.19	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers	
6.17.1 6.17.1 6.17.2 6.17.3 6.18 6.19	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services	
6.17.1 6.17.1 6.17.2 6.17.3 6.18 6.19 Chapter	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services	
6.17.2 6.17.1 6.17.2 6.17.3 6.18 6.19 Chapter	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services Change Control	
6.17.2 6.17.1 6.17.2 6.17.3 6.18 6.19 Chapter	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services Change Control Management of Electrical Decign	
6.17.1 6.17.1 6.17.2 6.17.3 6.18 6.19 Chapter	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services Change Control Management of Electrical Design	
6.17.1 6.17.1 6.17.2 6.17.3 6.18 6.19 Chapter 7.1 7.2 7.2.1	Mechanical Heating/Cooling/ Refrigeration Systems General Temperature Performance Requirements Heating Cooling Refrigerant Pipework Approved Mechanical Suppliers 7: Electrical Services Change Control Management of Electrical Design Initial Survey

8.11.6	Monitoring & Targeting (M& T)		
8.11.7	Intruder Alarm System		
8.12	Wi-Fi Infrastructure		
8.12.1	Overview		
8.12.2	Wi-Fi Design and Installation		
8.12.3	Steps to plan, deploy and verify a Wi-Fi installation		
8.12.4	Refurbishment Works		
8.12.5	Wi-Fi Access Point Placement (in order of preference)		
8.12.6	Option 1 – Ceiling Mount		
8.12.7	Option 2 – Semi-exposed Ceiling		
8.12.8	Option 3 – Mount to Containment		
8.12.9	Option 4 – Wall Mounting		
8.12.10	Building Fabric		
8 13	Fire Compartmentation		
0.13 9.14			
0.14	Training and Cortification		
8.15			
8.10			
0.17	Access Control and Deer Manitarian		
8.17.1	Access Control and Door Monitoring		
8.17.2	CUIV		
8.18	ANPR (Automatic number Plate Recognition)		
8.19	Intruder Detection Systems (IDS)		
8.20	Panic Alarms		
Chapter	9: Landscaping, biodiversity and Public Realm		
9.1	Change Control		
9.2	Scope		
9.2.1	Standards		
9.2.2	General notes on landscape design and aesthetics		
9.3	Soft landscaping		
9.3.1	Biodiversity		
9.3.2	Temporary works impacting on soft landscaping		
9.3.3	Trees		
9.3.4	Memorials		
9.4	Hard Landscaping		
9.4.1	Pavements/Footways/Cycleways		
9.4.2	Specifications for 'private streets'		
943	Car Parking		
9.4.3	Motorcycle Parking		
9.4.4	Cycle Parking		
9.4.5	Cycle Parking		
9.4.6	Barrier Controls		
9.4.7	Designing for deliveries, maintenance & emergencies		
9.4.8	Pollution prevention		
9.4.9	Underground Services		
9.4.10	Fire hydrants		
9.4.11	Emergency Evacuation Points		
9.4.12	Drain Covers		
9.5	Street Furniture		
9.5.1	External seating		
9.6	External Events		
9.7	Waste Handling & Storage Facilities		
9.8	Rainwater management		
Chapter	10: Audio-Visual (AV) infrastructure		
10.1	Change Control		
10.2	Introduction		
10.3	Design Process		
10.4	Cable Routes		
10.5	Containment		
10.5	Underfloor		
10.5.1	Ricer		
10.5.2			
10.0.3			
10.0	Room Type.		
10.6.1	Signage Screen		
10.6.2			
10.6.3	Standard General Practice Teaching (GPT) Room.		
10.6.4	Lecture Theatre		
10.6.5	Technology Enhanced Active Learning (TEAL) Room.		
10.6.6	PC Lab		
10.6.6 10.6.7	PC Lab Open Access Learning		
10.6.6 10.6.7 10.6.8	PC Lab Open Access Learning Specialist Spaces		
10.6.6 10.6.7 10.6.8	PC Lab Open Access Learning Specialist Spaces		

11.1	Change Control		
11.2	Introduction		
11	3 Sound Insulation between Rooms - Airborne Sound between	een Rooms	
11.4	Airborne Sound Insulation between Rooms and Circulation	Spaces	
11.5	Impact and Air Borne Sound Insulation of Floors		
11.6	Noise from Outside		
11.7	Room Acoustics		
11.8	Noise from Building Services		
11.9	Acoustic Design of Residential Accommodation		
Chapter	12: BMS Standards		
12.1	Change Control		
12.2	Building Management System (BMS) Engineering and Grap	hic Standards	
12.3	Input/Output module (I/O) Architecture		
12.4	Automation Server Naming Convention		
12.5	Enterprise Server Folders		
12.6	Automation Server Folders		
12.7	Graphics		
12.8	Software		
12.8.1	General		
12.8.2	Specific Requirements:		
12.8.3	Trend and Extended Logging:		
12.8.4	Support Tools:		
12.8.5	Software Protocols:
