# Want to create your best future?

## You've come to the right place.

We have courses developed with your future career in mind, and facilities designed to inspire you. Choose us and you'll be welcomed into a community which will challenge, excite and support you, so you'll graduate with the skills and experience needed to stand out from the crowd.

Everyone here, from our students and staff, to our industry partners and alumni, is driven by the same goal – how can we make things better? If you share that same mindset, welcome to UWE Bristol. You'll be in excellent company.

Choose to study here and we'll focus on making sure you stand out from the thousands of other students who graduate every year in the UK. Our partnerships with industry-leading organisations and businesses help keep our courses relevant

and your future skills in demand. And by investing in our facilities we've created the most effective, empowering setting for your studies.

But don't just take our word for it. Today is your opportunity to see for yourself. Explore our facilities, chat to our students and passionate staff and get a feel for the community you could be part of.

And finally, don't forget to have a look around Bristol before you leave. We're biased, of course, but it's hard to think of a better UK city to study and live in.

Remember, this is your university experience and no one else's.

**Choose to do university right.**
