# Checklist: things to do when you arrive

**Full details about what you need to do when you arrive are available [online](#) – but here’s an overview to get you started.**

## Register online and pay your tuition fees

First of all, you need to complete your online registration. This involves confirming your personal details, paying your fees and agreeing to our Terms and Conditions. **[my.uwe.ac.uk](https://my.uwe.ac.uk)**

You can pay your fees in full or set up a direct debit to pay in instalments. If your employer or another sponsor is paying your fees You'll need to complete the appropriate forms. **[uwe.ac.uk/international-deposit-payment](https://uwe.ac.uk/international-deposit-payment)**

## Be aware of fraud

Students are being approached by individuals offering to pay their fees at reduced rates or under special conditions. Fraudsters may present themselves as legitimate agencies or associates, they may be a friend. Never respond to these offers and **always pay your tuition fees direct to UWE Bristol using the authorised payment methods.** Information on paying your fees is available **[uwe.ac.uk/courses/fees/paying-your-fees](https://uwe.ac.uk/courses/fees/paying-your-fees)**.

If you believe you've been a victim of fraud or have any questions **contact us**. If you're experiencing difficulty making payment contact **credit control**.

## Visa and passport scanning

You'll need to have your passport and visa checked when you arrive. You'll be invited to book an appointment to attend a Right to Study check once you arrive in the UK.

You also need to make sure you update your details with the University if you get a new passport or visa during your studies, you can book an appointment on the same link throughout your studies.

## Submit a photo via MYUWE

Remember to upload a photo for your university ID card on your MYUWE portal. If you need help, take a look at the registration guidance **here**.

## Attend the International and European Student Orientation

We run an **orientation programme** in September and January for all new international and European students. It's a chance to make new friends and find out everything you need to know about living in the UK.

Find out more on **page 7**.

We encourage you to follow **UWE Bristol Global** on instagram and regularly visit the international students' events website for information about current and future events! **[uwe.ac.uk/international-student-events](https://uwe.ac.uk/international-student-events)**

## Attend your course induction

Your course induction will tell you what you can expect from your course and gives you the opportunity to meet your tutors and other students.

It's compulsory to attend – your Preparing to Study materials and your timetable (available on MYUWE) will tell you where you need to be.

**[courses.uwe.ac.uk/joining](https://courses.uwe.ac.uk/joining)**

## Check you have your IT login details

You should've received your university username, password and email address to your personal email account. You've the option to change your password to something memorable.

If you didn't receive these, contact [UserIDLetter@uwe.ac.uk](mailto:UserIDLetter@uwe.ac.uk) and they'll re-send the email.

## Connect to the WiFi

You can access free WiFi across all of our campuses – just look for the 'Eduroam' network.

Your username is your university username (e.g. a7-smith) followed by @uwe.ac.uk (so it'll look something like this: a7-smith@uwe.ac.uk).

Your password is your university password.

## Open a bank account

It's essential to have a bank account to help you manage and access your finances whilst you're a student in the UK. UWE Bristol outlets on all campuses no longer accept cash. Further details can be found on **page 14**.

Spend some time comparing banks before you open an account – think about its location, opening hours, services and account charges.

Lots of UK banks offer free basic accounts. Some require a minimum deposit or have a monthly fee.

To open an account you'll need a UWE Bristol bank letter confirming your student status and residential address.

You can download your UWE Bristol bank letter from MYUWE; see our banking and finance page for more information:

**[uwe.ac.uk/life/money-and-finance/banking-and-finances](https://uwe.ac.uk/life/money-and-finance/banking-and-finances)**

You can choose to set up an account with a Mobile-only bank. These digital banks offer all the usual banking services but don't have high street branches.

Some online banks don't require a proof of address, meaning you can set up an account before you arrive in Bristol.

You can compare online banks on **Save the Student** to consider options.

## Register with a doctor

We strongly recommend that you register with a local general practitioner (GP) within the first couple of weeks of arriving at university, even if you don't feel ill. This is to make it easier to see a doctor when you need to, as GPs are often unable to give appointments to people not registered at their surgery.

The University Health Centre on Frenchay Campus is open to all students—no matter which campus you're studying at. You can register with them **online**.

Alternatively you can find **doctors, dentists** and opticians close to where you live on the **National Health Service (NHS)**.

Once registered with the NHS, you'll receive an NHS number.

If you fall ill when you're away from Bristol, any doctor in the UK will see you as a temporary resident.

Please see further information about accessing medical care on **page 16/17**.

## UWE Bristol Eye Clinic

You can receive a free eye examination as a UWE Bristol student. We also offer specialist services for the local community.

You can book an appointment **here**.

## Driving in the UK

Before driving any vehicle in the UK, you should check that you meet all of the legal requirements: and that you're aware of the correct procedures, which may be very different from your home country. Find out more information on the **UKCISA** webpages including learning to drive in the UK.

If you've an existing driving licence, you can use the tool on the Government website to check whether you can use it to drive in the UK. **gov.uk/driving-nongb-licence**

# Important to know

## Attending your course

It's a condition of a Student visa to attend your course. Your attendance will be monitored through MyAttendance so you need to make sure you attend sessions and log your attendance. There is more information about MyAttendance **here**.

## Council tax

Council tax is charged by the local council. You won't normally be charged council tax if you're a full-time student on a course of one year or more, or if you live in university accommodation and your course is less than one year. More information available on the **webpage**.

If you arrive in the UK before the start of your course, you may be charged council tax until your course starts.

## TV licence

If you're going to watch live television (whether it's on a TV, tablet or laptop) or BBC programmes via iPlayer, you'll need a TV licence.

You can apply for one online. It costs £174.50. If you watch TV without a licence, you could be fined up to £1,000. Find out more information about TV licensing **here**.

### TIP:

You can buy an NUS (National Union of Students) TOTUM discount card to save money on bus fares, cinema tickets, high street stores and restaurants at **totum.com**

## Getting a UK mobile number

You may find buying a UK mobile/SIM card is more economical than using your home mobile. There are many mobile phone companies in the UK. Some companies specialise in international calls and you can compare the market on **Save the Student**.

‘Pay as you go’ allows you to top-up your credit as and when you need it without a contract. You can buy credit online, in shops and through ATM machines (‘cash points’).

A contract phone/SIM card means you pay a set amount each month for phone calls/texts/internet usage. If you go over your allowance You’ll have to pay extra. Once agreed, a contract can’t be cancelled and you must pay this bill until your contract expires. Find out more information on SIM cards **here**.

If you’re calling a UK phone number from an international SIM, you must use the country code “+44” and remove the 0 at the front of the phone number. If you’re calling a UK number from a UK SIM, you can simply dial the number as you see it – for example 0117 32 82750.

## Medical care

Medical care through the National Health Service (NHS) is mostly free if your course lasts longer than 6 months.

You’re entitled to:

- Free access to doctors.
- Free hospital treatment.
- Fixed charges for medicines.
- Fixed charges for dentistry and opticians.

Further information about your entitlement to NHS care is available on the **UKCISA website** (search for ‘health and healthcare’).

If a doctor prescribes a medicine to you, you can get this sent to a **local pharmacy for collection**.

In England, prescriptions cost £9.90 per item unless you fall into one of these categories. See the **NHS website**.

If you’re on a course less than 6 months, you’ll need to arrange private health insurance as you won’t be eligible to use NHS services. **Money Saving Expert** website, gives you more information on this.

## Hospital treatment

If you're referred to a hospital by your doctor, treatment is free. You might have to pay a fixed fee for prescription medicines.

Sometimes there can be long waiting lists for hospital treatment (unless it's an emergency), so you may have to wait to be treated in your home country.

## NHS charges for medicine, dentistry and opticians

Most people over 19 are charged for medicines, dentistry and optician services.

You may be able to claim help with these costs if you've a low income by completing an HC1 form. HC1 forms are available online. Just Google 'HC1'.

## What to do in an emergency

If there's an emergency on campus call **0117 32 89999** (available 24/7, every day of the year). Save this number in your phone.

We'll send staff to help and we'll call the emergency services for you so they can find you quickly.

If you're off campus, call **999** and ask for the police, fire service or an ambulance.

The Accident and Emergency (A&E) Department at Southmead Hospital is open 24 hours a day. You should only go there for **emergency** treatment for serious illness or injury.

If you're not sure if you should go to A&E or not, call **111** (the NHS non-emergency number) for free medical advice.

## If it's not an emergency

If you need medical care but it's not an emergency, you've a number of options:

- Visit your local pharmacy (find your nearest one at [nhs.uk](https://www.nhs.uk)).
- Make an appointment with your doctor.
- Visit an NHS Walk-in Centre. The nearest one is Broadmead Medical Centre, 59 Broadmead, Bristol BS1 3EA.
- Call **111**, the NHS non-emergency phone number. It's open 24/7, every day. They'll tell you what to do next.

For non-urgent police matters (e.g. reporting stolen goods or lost property), call **101**. They can also tell you where your nearest police station is. Further information is available on **Urgent Medical Care** and **UWE Bristol Police Services**.

# Working during your studies

**Before securing employment while you study, ensure you've the right to work in the UK. You'll need to check the number of hours you're entitled to work during term-time and during the holidays. Full information can be found on our webpage.**

## Finding a job

You'll find lots of resources on our **Careers Toolkit** to help you write a CV, complete job applications and get ready for interviews.

Our Careers team offer **drop-in appointments** across UWE Bristol campuses which are a great starting point to help you identify the most useful resources or other appropriate support from our service to meet your needs.

We also have dedicated careers support for international students who are looking to gain work experience – **visit the website** for more information.

**The Students' Union JobShop** is a great way to find flexible part-time work which fits around your studies. You can set regular alerts by email for weekly emails to find out about new vacancies.

You can also find vacancies through InfoHub, our online careers portal.

## National Insurance number

If you want to start working, you'll need to apply for a National Insurance number. You can do this by calling **0345 600 0643** or online via **gov.uk/apply-national-insurance-number/how-to-apply**. (Don't use any other webpages as these are not official and may charge you for something that is free.) You may need to attend an interview.

You'll only be issued a National Insurance number if you've the right to work in the UK.

## Strive Internship Scheme

The Strive Internship Scheme is for employers who wish to reduce inequalities in the workforce by providing six-to-eight-week, paid internships over the summer. Find out more on the **website**.

You can sign up for alerts to find out about new opportunities.

# Travel and transport

## Local buses

All of our campuses have great bus links to the city centre and wider region. You can plan your route by using the Travelwest journey planner at **travelwest.info**

You can also download the UK Bus Checker app so you know when the next bus will arrive and where it's going.

### TIP:

To catch a bus in the UK, you need to hold out your hand at the bus stop so that the driver can see you want to get on.

The **Bike Loan Scheme** is an initiative which aims to keep you active and also helps you to reduce your impact on the planet. With the scheme, you hire a bike to use for the year, which must be returned to The Students' Union at the end of each academic year.

The bike loan includes a D lock to keep your bike secured and a set of lights to make sure you're safe and visible on the roads.

## E-bikes and E-scooters

The eco-friendly eBikes and eScooters scheme are designed to boost green employment opportunities and reduce congestion to the city. Take a look at the **Travel West website** for alternative modes to travel.

## Travelling around the UK by coach

Frenchay campus has its own main coach services bus stops that connect Bristol to rest of the UK:

- **National Express** – these leave from Bristol city centre bus station and main campus bus stops. Students can also save up to 30% with a **Young Person's coachcard**.
- **FlixBus** – These leave from **UWE The Gardens**.

## Travelling around the UK by train

The two main train stations in Bristol are Bristol Parkway (near our Frenchay Campus – there is a direct bus) and Bristol Temple Meads (in the city centre).

## Sustainable transport and travel

UWE Bristol is working hard to create active, integrated travel, accessible to all students and staff. There are lots of eco-friendly options for getting to and from campus, and you can help make a real difference by making more sustainable travel options.
