Stoke Lane one-way system postponed

As you may have already noticed, the Stoke Lane one-way system has been postponed by South Gloucestershire Council to allow for additional traffic assessments.

Temporary traffic lights on Stoke Lane have been reinstated, and these are over a longer section than before, so there may be some additional congestion.

First Bus will continue to use their planned diversion routes to avoid confusion. The Wessex 13 service will continue to operate the diversion it has had in place since April.

We will keep you updated as we know more.

Resit coursework is now available on Blackboard

If you've received your provisional coursework marks and you know you haven't passed you can get started on resit coursework now.

The resit coursework deadline is **Tuesday 12 July**. If you wait until you have your final results, you'll only have 3 or 4 weeks to turn it around - so we suggest you get a head start now! We recommend this even if you have Extenuating Circumstances accepted.

If you have any questions, contact infopoint@uwe.ac.uk or your module leader.

Frenchay Library level 4 summer refurbishment

In response to your feedback, we're refurbishing level 4 of Frenchay Library this summer. We'll be investing £1 million to create over 200 new study spaces (mostly on our popular group / collaborative study floor) – increasing study space by over 20%! The refurb will also make it easier for you to connect your devices to group screens.

As a result of the works, level 4 will be closed from **Friday 3 June** (16:00) until mid-September - so please borrow any books you may need from this floor before then.

Subjects housed on level 4 include education, maths, sciences, political science, economics, transport, languages and linguistics, technology, health, engineering and management.

We'll be offering a 'fetch and carry' service in case you need books later in the summer.

Alternative [study spaces](#) will be available both in the Library and across campus, and our Librarians will be here to help you during the works.

Download, save and print what you need

You will lose access to UWE Bristol's IT systems 42 days (6 weeks) after your course finishes, so make sure you download, save and print all the resources you need before that happens!

One of the documents you will definitely want to download is your [Higher Education Achievement Report \(HEAR\)](#) in myUWE. It's a summary of your academic achievements and extra-curricular activities during your time with us – so it's a great resource to show future employers.

Register for graduation

If you are graduating this summer, make sure you register sooner rather than later. The deadline is **Wednesday 15 June**.

International students: listen out for phone scams

We want you to be aware of phone scams – people phoning international students pretending to be from the Home Office. They are not from the Home Office!

The caller will say that they are calling from the Home Office and will have details about you – your full name, postcode in the UK and passport number, and will ask you to verify those details are correct.

The caller will tell you go to the www.gov.uk website, and search for Home Office, and then scroll down to the bottom of the screen, so you can see that they are calling from the genuine Home Office number. The caller ID on your mobile will show this number. But they are not calling from the Home Office.

The caller will then say that you have not paid for an immigration service, and as a result have to pay a fine (usually £1200-£1520) or else you will be reported to the Police/or the Home Office who will detain them or deport you.

Do not give the caller any information or any money – instead hang up. If you do need to speak to the Home Office, then call them directly. If you have already been a victim of a phone scam, please contact our Immigration Team by calling an [Information Point](#).
