Dynamic content (content specific to Faculty/campus/level etc.) features at the end of this document but for students it's integrated into the body of the newsletter.

New Hub at Glenside Campus

September is here!

Our campuses are slowly starting to wake up after a quiet summer.

Our new students will be moving into their accommodation next week, so if you've started back already, enjoy the peace and quiet whilst you can!

If you're one of the lucky ones who still have a few weeks until your course starts, we're looking forward to welcoming you back.

Timetables are live

You should now be able to see your timetable on [myUWE](#). If you can't see it or you think something's wrong, try our [self-help guide](#) (login required).

Not sure where a room is? We're trialling a new online system to help you get to where you

need to go. Head to go.uwe.ac.uk/directions, log in and you'll see a list of your timetabled activities with the option to find the room or get directions.

Have you registered yet?

Most of you can now register for the next year of your studies - just look for the Registration tab on myUWE.

If it's not there or you have a question, contact an [Information Point](#).

Campus computers unavailable this weekend

We're migrating all students' H: drives to a new generation of storage.

To make sure this goes without a hitch, we're asking you not to use campus computers or access your H: drive from **17:00 on Friday 8 September** until **18:00 on Sunday 10 September**.

If you're logged on, we won't be able to migrate your files.

Update your address on myUWE

Check your home and term-time addresses are correct on the [myUWE](#) My Details tab. Both need to be listed, even if they're the same.

If they are wrong or you only have one listed, update them by adding a new address.

Make sure you're registered to vote

If you registered to vote last year but you've moved since, you'll need to re-register at your new address.

It's quick and easy to do this [online](#) – do it now so you're ready to have your say.

Windows 10 user guide

Over the summer, we upgraded student computers to Windows 10.

Windows 10 looks quite different from the old version – so if you're not familiar with it take a look at our quick user guide.

Set up your password manager

Register with our password manager system so that you can easily reset or change your university password.

You'll be asked to set up personal answers to three questions. You'll need to answer these questions if you forget your password – so make them memorable!

[Find out how to set up password manager](#)

You can now print your car parking permit

If you're eligible for a car parking permit, you can now print it off directly from myUWE (rather than waiting for it to come through the post!).

Frenchay and Glenside

A quick warning about roadworks...

South Gloucestershire Council is carrying out major maintenance work on the Bromley Heath Viaduct (part of the A4174 Ring Road). The work will continue until Spring 2018.

This is a major route to Frenchay Campus, and it's causing severe delays. It's also causing a knock-on effect to the surrounding roads, which may impact journeys to Glenside Campus.

We strongly suggest that you walk, cycle or use public transport to get here – and give yourself plenty of time.

[Find out how the roadworks could affect you](#)

Glenside

Goodbye Traders, hello Glenside Hub!

Glenside Hub is now open! As well as somewhere to grab a bite to eat, it's also a space you can work and relax.

If you haven't already, take a look around – we hope you like it as much as we do.
