## We're in the top 10 for student satisfaction!

The results of this year's National Student Survey (NSS) are in and we're absolutely delighted!

89% of this year's final year students said they were satisfied with their experience – an increase on our 2017 score and way above the sector average of 83%. This fantastic result places us in the **top 10 universities** in the UK for student satisfaction.

If you're about to start your final year, it'll be your chance to complete the NSS in the spring. And remember, if something isn't quite right with your course, speak to your [Student Rep](#) or your lecturers at any time so things can be improved.

## When was the last time you updated your CV?

Most people only bother to update their CV when they're applying for jobs. But it's a good idea to update it as and when you complete any work experience, so that you can remember all of the great things you've done.

So if you've spent your summer doing an internship, placement, volunteering or even just a day's work experience, update your CV now. We've got lots of tips and examples on our [Careers Toolkit](#) to get you started.

Do it now and you'll be ready to shine at October's [Meet the Employers Fair](#).

## Do you use reference management software?

The Library wants to know your opinions on referencing management software. If you use it, which one do you use? How useful is it?

## Design competition winner revealed

We're pleased to announce that Roisin Oakley, one of our illustration students, has won the Centre for Appearance Research (CAR) design competition. Roisin told us about the inspiration for her image:

*"Whilst researching what CAR is about and what they do as an organisation I came across a BBC article linked on the CAR Facebook page. The article, titled 'The skin I'm in', talked about different people's experiences with visible skin conditions... This really struck a chord with me so I wanted to create some work inspired by this. I was interested in the different patterns and textures of skin and wanted to explore this through paint textures."*

Look out for Roisin's artwork on CAR's promotional materials and social media accounts ([@AppearanceResearch](#) on Facebook and [@CAR\\_UWE](#) on Twitter). Well done Roisin!
