# Strategy 2030 Transforming Futures

## Our Values

### **Ambitious**

We are not afraid to shape, challenge and tackle the big issues, to take the initiative and pave the way.

### **Inclusive**

We make UWE Bristol a supportive and inspiring place to learn and work – somewhere where diversity of experience and perspective is encouraged, and learning and research is shared and accessible.

### **Innovative**

We create new opportunities for the people who work and study with us. We embrace different ideas and pioneer new and sustainable ways of doing things.

### **Collaborative**

We have strong connections locally and globally. We help people and organisations be the best they can, building trust throughout our university community and beyond.

### **Enterprising**

We instil a thirst for new knowledge, its creation and application, empowering our students and staff to demonstrate a creative questioning approach, a 'can-do' confidence, and ability to navigate uncertainty.
