

Adobe Creative Cloud

Current version: 2021

Install on your own device:
Download through AppsAnywhere
Follow the steps below

On a UWE computer:
Launch the specific app from
AppsAnywhere

Creative Cloud is available via a Secure Download.
Please note, the download needs a sturdy connection, and may take some time.

Step 1

Go to <https://appsanywhere.uwe.ac.uk>, log in, and look for Adobe Creative Cloud, click Download to get installer.

Step 2

Once downloaded, extract the zip file and enter the folder, Double click 'setup.exe', and click Yes to the admin prompt.

Step 3

Wait a while for the installer to complete, once complete click OK, launch the Creative Cloud app from your start menu.

Step 4

Sign in with your UWE Bristol email, this should take you to a single sign on screen, finish logging in with your UWE Bristol password.

Step 5

Creative Cloud should now have all of the programs available to download, select a program and press Install.

Step 6

Once complete, launch the app from your start menu.
