## Meet the Gene Machine: Observation Guide

Please use this guide to record as much as possible about the observation. If unobtrusive circulate around the room whilst performing the observation. Print to minimise page turning.

| Getting Started: At some point please draw of                                      | a diagram of the venue on page 4. |  |
|--|-----------------------------------|--|
| Date:  | Location:                         |  |
| Estimated Audience Number:   | Estimated Male/Female Ratio:      |  |
| Year Group:  | Adult Audience Roles:             |  |
|  |                                   |  |
| Audience Familiarity with venue:   |                                   |  |
|  |                                   |  |
| Any general pre-problems? e.g. venue, timeto                                       | abling, presenter preparation     |  |
|  |                                   |  |
|  |                                   |  |
|  |                                   |  |
| Scene setting: e.g. teacher/presenter introduction/questionnaire completion period |                                   |  |
|  |                                   |  |
|  |                                   |  |
|  |                                   |  |
| Getting finished:  |                                   |  |
| Was the discussion curtailed or running out of s                                   | stagm?                            |  |
| was me discussion condiled of forming out of s                                     | siedii:                           |  |
|  |                                   |  |
| How did the students exits questionnaire comp                                      | vation still talking ato          |  |
| How did the students exit: questionnaire completion, still talking etc.            |                                   |  |
|  |                                   |  |
|  |                                   |  |
| Any managed problems 2. For good assibility ray you                                | lin and a dulin a a ta            |  |
| Any general problems? E.g. accessibility, rowo                                     | niness, scriedoling etc.          |  |
|  |                                   |  |
|  |                                   |  |
|  |                                   |  |
|  |                                   |  |
|  |                                   |  |
