## Meet the Gene Machine: For Teachers

| Are you?                         | Male       |             | Female |           |             |          |  |
|----------------------------------|------------|-------------|--------|-----------|-------------|----------|--|
| Which subjec                     | ct/s do yc | ou teach? _ |        |           |             |          |  |
| How long have you been teaching? |            |             |        |           | 1-4 years   |          |  |
|                                  |            |             |        |           | 5-10 years  | L.       |  |
|                                  |            |             |        |           | 11-20 years | <u> </u> |  |
|                                  |            |             |        | 21 years+ |             |          |  |

## Please indicate how much you agree with the following statements...

|  | STRONGLY<br>AGREE | AGREE | DISAGREE | STRONGLY<br>DISAGREE |
|--|-------------------|-------|----------|----------------------|
| The drama was engaging<br>The drama was not very entertaining<br>The drama was clear and comprehensible                |                   |       |          |                      |
| The discussion was engaging<br>The discussion was not well managed<br>The activities within the discussion were useful |                   |       |          |                      |
| The ethical issues were conveyed well<br>The scientific content was conveyed well                                      |                   |       |          |                      |
| It was a good use of student's time<br>It was a poor use of student's time   |                   |       |          |                      |
| I would include students in a similar event aga  | in 🛛              |       |          |                      |
| I am confident to use discussion based sessions in my own teaching   |                   |       |          |                      |

## Thank you. Please add any further comments to the back of this sheet.

Please tick if you are participating in the Meet the Gene Machine CPD activities.
